

**Project class - Feb 3, 2021**

**Name** \_\_\_\_\_

You have indicated the topics on which you would like to do a research project

(Ben – how music affects our brains, Owen – The stock Market).

This is good. Before you get started I want to walk through some of the steps you will need to with a “practice project”. The topic will be **dirt**.

So here we go ...

**Today:**

- make a 4-level mind map for the *idea dirt*
- List 5 words that are interchangeable with the word dirt – e.g., earth
- What other words (5) are associated with the word dirt – e.g., dirty
- What animals are considered dirty? E.g. pigs
- What is dirt made of?
- Find three websites that specifically address the topic of dirt (attach the url – website address)
