

SUMMER SCHOOL 2023

Many students have had difficulty completing all their classes this year. This is understandable. You may be able to complete these classes during our **summer school program**.

To do this you must be dedicated to attend all online classes and complete all the required assignments.

Education Plus is a private high school licensed by the Ministry of Education of Québec. During the school year we focus on students' needs at the secondary IV and secondary V levels.

Our summer school program is open to all students at any grade level.

The ideal candidate for summer school is a motivated student who is dedicated to raising his or her marks and who is willing to do the work required. Our success rate is always above 90%!
